# CENTRE FOR FACULTY DEVELOPMENT

**Faculty development** is an ongoing process that enables you to **evolve** and **grow** in your roles.

---

## Programs & Workshops

We offer a variety of programs and workshops that are devoted to the enhancement of teaching skills, mentoring, career development, scholarship in education and education leadership.

## Personalized Outreach & Consultation

We offer consultation and assistance with faculty development activities targeting specific faculty development needs in your setting. In collaboration with your team, customized programs and workshops can be delivered at your site or centrally.

## Research Collaborations

We explore questions relating to faculty development practices and the impact of faculty development on individuals and their organizations. We collaborate on projects of interest with other sites/institutions/countries.

**Best Practice in Education Rounds (BPER):**

Short presentations linking education research with practice. Presentations are video- and web-cast and past rounds are archived on our website.

**Accessible Resource for Teaching (ART):**

Online learning tool to bring faculty development to the teaching practice context through the use of short, focused modules.

**New and Emerging Leaders Program (NEAL):**

Longitudinal program to foster a productive, visionary and collaborative academic leader in the Academic Health Sciences System.

**Stepping Stones Teacher Development:**

Certificate program for teacher training and exploration of educator roles.

**Education Scholars Program (ESP):**

Longitudinal program for health professional educators that enhances competence in education leadership, scholarship, curriculum and teaching.

**Half Day Workshops**

**Select Outreach:**

**Baycrest Hospital, Toronto:**

Six instructional development workshops offered on site each academic year

**Bridgepoint Health, Toronto:**

Customized version of the Stepping Stones Teacher Development Certificate Program and workshops offered on site

**King Saud University, Riyadh:**

Week long customized teaching and learning certificate program offered in Toronto

**Ophthalmology Congress, International:**

Teaching and learning workshop offered as part of the International Congress in Toronto
